

Information for New Players

Welcome

Thanks for your interest in the Balwyn Blazers Basketball Club (Blazers). The following information explains how we operate and will help you decide if our club is right for you.

Blazers is a member of the Eastern District Junior Basketball Association (EDJBA). The Blazers have boys and girls teams in the competition, which has grades from A to D with age groups suitable for 6 to 19 year old and caters for all abilities.

As a club, the Blazers foster a participation philosophy with our teams. Whilst we like our teams to be competitive, as a domestic basketball club, we measure our success by however we develop the social and basketball skills of our players. Regardless of your child's skill level or ability we will have a team that can provide them with an enjoyable basketball experience.
